## Education

**Full stack developer**  
Masai School  
August 2023-present

**English Honours**  
Karim city college  
August 2016 - July 2019

## Technical Skills

- HTML5
- Express.js
- React
- MongoDB
- Node.js
- RESTful APIs
- JavaScript
- Git

## Soft Skills

- Attention to Detail
- Adaptability
- Teamwork
- Effective Communication
- Problem Solving
- Time Management

## Achievements

**Hukumu**  
*Masai School*

# Mohammad Ashfaq Ansari

Full Stack Web Developer

## Professional Summary

Dynamic and detail-oriented full stack web developer proficient in JavaScript and experienced in the MERN stack. Strong problem-solving skills and a passion for clean code enable seamless collaboration with cross-functional teams to deliver scalable web applications. Dedicated to staying up-to-date with the latest trends and best practices to continuously enhance software excellence. Seeking a collaborative team environment to contribute to the development of efficient, user-centric web applications.

## Projects

**Skin-Store App** [Live Demo Link](#)

- JavaScript
- React
- Redux
- Git
- Node.js
- Express.js
- MongoDB
- CSS3
- Responsive Web Design

- Developed a full stack web application using the MERN stack
- Implemented a user-friendly interface and responsive design using HTML5 and CSS3
- Integrated React.js for efficient front-end development and Redux for state management
- Used Node.js and Express.js to develop server-side APIs for data retrieval and processing
- Utilized MongoDB for efficient database management and optimized queries for improved performance

**Unbounce App** [Live Demo Link](#)

- JavaScript
- Redux
- React
- CSS3
- Responsive Web Design

- Created a responsive web application using HTML5, CSS3, and JavaScript
- Designed and implemented state management using Redux for a seamless user experience
- Utilized React.js to build interactive and dynamic frontend components
- Implemented Git for version control and collaborative development workflows
- Ensured cross-browser compatibility and responsive design for optimal user experience

**my portfolio** [Live Demo Link](#)

- JavaScript
- React
- Node.js
- CSS3
- Responsive Web Design

- Developed a personal portfolio website using React.js and Node.js
- Implemented responsive web design for optimal viewing experience on different devices
- Utilized CSS3 for styling and custom animations to enhance the user interface
- Integrated Git for version control and collaborative development workflows
- Optimized website performance by implementing best practices and efficient coding techniques
